To whom it may concern,

I am pleased to approve and authorise the proposal of the Point-Of-Sale system project for the City Garments clothing store.

A formal meeting was held on the 10th of October 2022 with the team Viaeyes, where the team put forward a proposal to produce a working POS system for the clothing store. An agreement was reached and the plan was set into motion.

I hope this letter is recognised as official approval and a formal go-ahead for the project.

**Yours Sincerely,**

**Salman Fazil**

CEO City Garments
